AYE. Let's get this motion done and send it to Judiciary Committee for review with our voting #s and reasoning before notification to person in question.

This is gonna have to go to judicial committee probably. Has anyone asked them what their interpretation of what we're trying is?

For egregious violations of personal privacy for certain members as well as repeated hostile attacks and the spreading of mistruths, I motion we permanently expel Jackie Perry from the LPNH.

Please direct your complaints about LPNH social media posts to Libertarian Party of New Hampshire Chair Jilletta Jarvis at [REDACTED] or chair@lpnh.org or [REDACTED]. She is the one who gave the trolls the keys to the accounts and is letting them post whatever they want and thus she is the one who needs to feel the backlash.
