To the Executive and Judicial Committees of the Libertarian Party of New Hampshire:

My name is Dr. Joshua Olitzky, and I am a current, dues paying member and delegate of both the Libertarian Party of New Hampshire (LPNH) and the Libertarian Party. This is a formal request in accordance with the LPNH by-laws section VI.N.1-2 for the recall of Jiletta Jarvis from her position as chair of the LPNH.

*Section VI*

*N. Officer Recall*

*1. A petition to remove a member of the Executive Committee may be submitted to the Executive Committee and the Judicial Committee, provided that the petition:*

- 1. Contains a statement providing specific reasons why the Executive Committee member should be removed;*
- 2. Contains the signatures of at least 25% of the delegates who attended the most recent convention who certify that they agree with the statement;*
- 3. Specifies at least one representative from the signatories who may be contacted by the Judicial Committee for additional information regarding the petition.*

*2. If a recall petition is submitted, the Judicial Committee shall verify its authenticity, investigate the matter, and render a decision no later than 30 days after the verification of the petition. A 2/3 vote of all Judicial Committee members is required to remove an Executive Committee member.*

Jiletta has violated the LPNH by-laws and unilaterally taken control of party resources, including the website and social media channels; the party's storage unit has been emptied; and she has declared new by-laws, a platform, and a membership oath, while attempting to remove all duly elected committee members from the LPNH, including the entire Executive and Judicial committees. There was no vote of the body on this matter, no discussion with any committee and no appeal to the judicial committee which is required to remove any officer of the party. I believe this is a willful and severe dereliction of duty.

According to a public statement made by the chair of the national Libertarian Party, Jiletta has also made false statements, with a claim that all current officers "constructively resigned", along with the false claim that the goals of the current LPNH Executive Committee were to procedurally expel a wide swath of membership.

I, along with the undersigned credentialed delegates to the 2021 LPNH convention, respectfully request that you recall Jiletta Jarvis from her position as Chair of the Executive Committee of the New Hampshire Libertarian Party.
