Subject: Re: Andy - Ugent Request for Email Forward for treasurer@lpmh.org

Please share. :)

Thank you, Joshua, for your ACTIONS and for fighting for the libertarian principles some of us only convey in words.

"You are what you do, not what you say you do."

-Sean Dempsey, At Large LPNH

I am in full agreement with everything you have said here. I remain fully committed to an investigation of the who, what, and why. We all deserve answers. Every member of this party deserves to know who represents them.

You mind if I share this email with the public list?

Cheers,
Joshua

Joshua,

Furthermore, our assigned Section 8 rep, Tucker Coburn not only did not help us in any way or return our calls, but actively worked against our state party in our efforts to work with the LNC and regain access to stolen property.

I realize he has since resigned, but hopefully this situation and the cast of characters involved whom were actively working against us (specifically all those who voted no in Tuesday's EC

Libertarian Party of New Hampshire

Info@LPNH.org - (888) 688-LPNH

meeting) demonstrates why we in the LPNH are all more than a little tired, hurt, and frustrated by this mess.

Yes, some LPNH tweets were “edgelord” in style and rubbed a few people the wrong way — in an attempt to expand the Overton window. This has already been addressed and a vote cast on our end to ensure there are no longer members of the communication committee who might, through their personal words or actions, besmirch the LPNH brand. We also are putting a social media policy in place in LPNH to ensure such style of communication does not happen again.

In short, we have handled it *internally* (where it belonged to begin with without National’s interference)

But any allegations that we violated our bylaws, our pledge, or our stated principles are wildly false. I have yet to see one tangible piece of evidence in this matter to allude or prove any wrongdoing by ANY of the EC or its committee members.

Nor, to my knowledge, has such evidence been presented to the LNC EC. The “data dump” provided by Jillette contained not a shred of evidence of any wrongdoing—other than some sidebar “shit talking” with another state party rep in a private chat.

Nevertheless, without due process or the ability to face any accusation directly, a vote was cast last Tuesday by the LNC EC and failed in its purpose to return stolen property to our party.

This entire situation is pretty black and white to me. So when you hear slight hyperbole or frustration in our letters or communications speaking about the inaction of the LNC, please do not take it personally!

We truly recognize all those who are fighting for us are fighting based on principle and not emotional alignment based on some “nasty tweets.”

We remain determined to uncover why this situation unfolded as it did, to what level JBH was involved, and most importantly - to help ensure such a thing can NEVER happen again to any other state party. The damage we have undergone as a party (and so to, the stain on the National party because of its chair’s actions) is unfathomable and deep.

That we, libertarians, might bicker and fight over the basic subject of **whether a property owner has right to their own property** is...beyond disgusting. Where are our principles? What do we even stand for if not that??

Libertarian Party of New Hampshire

Info@LPNH.org - (888) 688-LPNH

So when we are falsely accused of not adhering to our principles is laughable at best—since at the same time the chair of the national party we are affiliated with is so obviously involved in gross malfeasance and unethical behavior.

We are so excited and pleased Jillette Jarvis has returned stolen property of her own accord and did the right thing. We are excited to now move into the Porcfest event with a fervent desire to spread the message of liberty and freedom to as large a group as possible!

But we remain disgusted by the actions taken (through inaction) this week by the preponderance of those on the LNC. With very notable exceptions, as mentioned, and also those whom continue to surface in our support to take on abuse of power and wrongdoing! :)

In liberty,

-Sean Dempsey, LPNH

Please let me correct the record. With the exception of Caryn Ann Harlos, Joshua Smith, and Erik Raudsep, we did not have written or verbal followup from any LNC staff.

Or I should further clarify - none of those we directly addressed **whom were in a position to right this wrong in 5 minutes** (i.e. JBH, LNC Chair, and/or Andy Burns (who it supposed to assist with our web/IT needs at National) responded to us.

Forgive me profusely for mis-speaking!!

-Sean

I dont think that's totally fair. Some of us were talking to LPNH board members, and working diligently to try and get your property back to you.

Some were not, that's true but no one? Really? Those people are reflected in the public business list.

Cheers,

Libertarian Party of New Hampshire

Yes, all is well. LPNH has received all of its assets.

But to be clear - LP National took no action (as far as I'm aware) and we never ONCE heard a response to any of our pleas. This was beyond frustrating!!

Jilletta Jarvis reached out to us privately and capitulated, providing us all back access to our assets.

I wish just ONE representative National would have at least given us the time of day to reply to our myriad requests....

And to preempt the question -

Yes, we DID already reach out the individual currently in possession of the treasurer@lpnh.org email account ("the usurper of said email account") and he has refused to acknowledge or facilitate our request — even for temporary access as stated.

Obviously the email account is our property and assert it has been STOLEN from us illegally. But for now as an emergency need we are simply seeking access to our owner assets (which are NOT in dispute by either party and clearly belong to the LPNH and not the "new entity."

Thank you,

Libertarian Party of New Hampshire

Andy,

Did you receive my email below??

To re-iterate for 100% clarity:

The LPNH is currently unable to access our party's PayPal account and other financial and other owned-asset accounts because they are tied via 2FA to the email address treasurer@lpmh.org — **which is an email address that we no longer have access to.** Please advise. I provided an easy way to fix this (even temporarily) in my last email to you below.

We cannot access our monetary assets until this logistical matter involving email access is rectified.

NB: We contacted an attorney today and he had questions as to whether or not we had access to all our monetary assets. We had to tell him no.

We are thus formally requesting you make the situation right and allow us (even TEMPORARY!) access to our email address treasurer@lpmh.org so we are able to login and recover financial assets.

Thank you in advance,

-Sean Dempsey, at large, LPNH

Hi Andy,

Libertarian Party of New Hampshire

Info@LPNH.org - (888) 688-LPNH

Tldr; Please set up a [temporary if needed] forward of treasurer@lpnh.org to email redacted (our elected Treasurer) so we can access party assets (bank account, stripe, etc) with 2FA turned on.

Sean here, member of the LPNH EC. As you may have heard, we recently had our access revoked to the LPNH.org website by some nefarious actors. We are working with LNC on a resolution to that – and we know it will come shortly.

However, we have a more pressing issue at the moment. Our access to Stripe, bank accounts, and other party assets are accessible through the email address treasurer@lpnh.org. Several of these sites, since they employ extra security, use 2-factor authentication (aka “2FA”) and are sending codes to treasurer@lpnh.org.

We have a less than cordial relationship with the members of the “coup” over there (long story), and lawsuits are pending etc. However, by their own admission **we DO have access to our funds and bank accounts, party assets, etc.** We are locked out of these assets because we do not have access to the treasurer email address.

Thus, we are asking for a favor. We are happy to wait for the LNC’s ruling before access to our website is restored; ***but we MUST get access asap to our other assets and 2FA is preventing this.***

I suggest this: can you set up an ‘email forward’ for us for a specific time/date (even the entire day if you’re willing to do so) so that we can get access to the fiduciary assets owned by our party? Once we have access we can whitelist the IP and you even can turn the forward back off if you feel you must.

AS SOON AS POSSIBLE: Please forward treasurer@lpnh.org to email redacted (our elected Treasurer).

Libertarian Party of New Hampshire

Info@LPNH.org - (888) 688-LPNH

Thanks in advance. Please get back to me as soon as you can regarding this request.

Cordially and respectfully yours,

Sean Dempsey, At Large LPNH

on behalf of

Sean Brennan, Treasurer LPNH
